speculative fiction theme
speculative being
emergently intelligent being
fictional character come to life
intelligent animal
size distinguished being
microscopic being
Lilliputian being
giant person
elemental being
personification of a concept
death incarnate
wish-granting being
legendary being
legendary magic wielder
fairies
European dragon
Santa Claus
angel
cyclops
demon
elf
ghost ship
golem
gremlin
leprechaun
merpeople
mythological dwarf
the Tooth Fairy
inanimate object come to life
anthropomorphic object come to life
shape distinguished being
Pinocchio
artificial being
the Devil
ball-shaped being
blobform
brain-shaped being
incorporeal being
speculative human
doppelgänger
undead being
monster
giant monster
shadow monster
werewolf
transcendental being
supreme judge being
Satanic being
Gorgonic being
hybrid being
animal and plant patterned being
sexually distinguished being
inhospitable environment dwelling being
biologically distinguished being
assimilating beings
being composed of autonomous parts
being that feeds on electricity
being that feeds on radiation
being that feeds on the mind
bilaterally colored being
biologically symbiotic beings
humanoid mutant
thermophilic being
mentally distinguished being
extraterrestrial being
locationally distinguished being
four-dimensional being
two-dimensional being
Subterranean being
speculative nanotechnology
gravity manipulating technology
anti-gravity technology
artificial gravity technology
speculative robot
artificial intelligence
speculative weapon
human enhancement technology
accelerated growth rate therapy
appearance altering technology
artificial body part
brain disembodiment technology
external immune system
personal flying contraption
rejuvenation technology
remote controlled person
super growth therapy
super strength formula
species transmutation
body part transplant
cure for an as yet uncurable disease
life extension technology
brain-computer interface
mind transfer technology
mind altering technology
Bigfoot
Loch Ness Monster
Yeti
dream world generating technology
intelligence augmentation technology
mass mind control
mind control technology
mind linking technology
mind reading technology
mind-computer merging
truth inducing technology
memory erasure
memory implantation technology
matter manipulating technology
food synthesizer
give-you-anything scanner
matter duplicator
matter replicator
matter transmuter
miniaturization technology
fusion power
speculative energy generation technology
antimatter power
geothermal energy from Earth's interior
human battery
perpetual energy machine
spacetime manipulating technology
device bigger inside than outside
space folding travel technology
time freezing device
speculative virtual reality
virtual reality suit
digital afterlife
speculative virtual reality headset
virtual reality room
virtual reality sex
stasis technology
stasis box
suspended animation
synthetic food
food pill
self-replicating machine
speculative technology
speculative device
speculative handheld device
speculative wearable device
speculative torture device
once speculative device
artificial life
astronomical impact avoidance
augmented reality
computer simulated war
hologram
perfect prediction of future events
speculative vehicle
automatic surgery machine
dream materializer
dream recorder
electromagnetic catapult
force field generator
matchmaking technology
memory recorder
monitoring implant
people tubes
planet killing weapon
radiation neutralizer
rapid healing device
recording implant
sonar-based artificial vision
space gun
tractor beam
underwater breathing gill
universal translation device
voice duplicator
pod or booth-like device
speculative engineering
crypto
crackpot theory
Atlantis
Bermuda Triangle
Counter-Earth
Hollow Earth
Phaeton hypothesis
alien abduction
alien experiment
alien impregnation of human females
aliens eating people
aliens inspiring great people
aliens meddling in ancient history
aliens talking to us in our dreams
ancient alien archive
ancient puzzle
conspiracy theory
crackpot aging theory
crackpot theory of cattle mutilation
déjà vu
extrasensory perception
fake aphrodisiacs
flying saucer theory of UFOs
intelligent dinosaurs
lost continent of Mu
men in black conspiracy theory
mystical aura
psychic detective
secret society conspiracy theory
speculation that the Devil is not so bad after all
speculative hypnosis
speculative subliminal stimuli
spontaneous human combustion
the historical figure was really an alien
alien origin of an aspect of human civilization
alien origin of a superstition
alien origin of a technology
alien origin of religious claims
alien origin of the human race
impostor living secretly among us
alien living secretly among us
immortal living secretly among us
machine living secretly among us
people meddling in history
aliens meddling in history
time traveler living secretly among us
time traveler meddling in history
speculative punishment
time travel
the gorrua was really a time traveler
time portal
time traveler's dilemma
grandfather paradox
speculative travel
character transported into imaginary world
journey into the underworld
perilous voyage at sea
travel inside a human body
travel into the Earth
voyage under the sea
space travel
intergalactic space travel
interplanetary space travel
interstellar space travel
orbital spaceflight
sub-orbital spaceflight
time rewind ability
speculative ability
speculative ability related to own mind
dream walking
memories from past lives
photographic memory ability
remote projection of self
clairvoyance
speculative ability related to physical things
magic powers
supernatural ability
ability to make things disappear
electricity manipulation ability
pyrokinetic ability
thought materialization ability
traversable wormhole
speculative ability related to reality at large
telekinetic ability
time slow down ability
unbounded thought powers
speculative ability related to another being
mind to mind interaction ability
speculative communication
speculative remote living body manipulation
speculative ability related to own body
speculative personal locomotion
directed energy shooting ability
speculative personal body manipulation
speculative personal resilience
precognition
prophetic ability
remote viewing
retrocognition
speculative society
interplanetary war
interstellar war
multi-species civilization
robotic civilization
single-gender society
society consisting of only children
society living in space
space tourism
subterranean civilization
telepathic society
what if a child had power over adults
xenophobic isolationist society
Space colonization
colonization of Alpha Centauri
colonization of Earth
colonization of Jupiter
colonization of Mars
colonization of Mercury
colonization of Neptune
colonization of Pluto
colonization of Venus
colonization of the Moon
colonization of the Sun
speculative future event
World War III
peace on Earth
what if every woman suddenly got pregnant at the same time
what if everyone suddenly turned stupid
existential risk to civilization
what if Britain had won the American Revolutionary War
what if the Nazis had won
what if the Roman Empire never fell
alternate history
biased sex-ratio society
female-only society
speculative natural object
edge of the universe
white hole
speculative reality
cyclical time universe
four-dimensional space
multiverse
nested universe
non-Euclidean space
parallel universe
the universe is a dream
the universe is a simulation
two-dimensional space
opposite world
reversed time
speculative natural process
Speculative evolution
devolution
discrete time
human thought virus
life force transfer
panspermia
retarded aging process
reverse aging
super accelerated Darwinian evolution
time loop
time slow down process
time speed up
supersoldier
drug enhanced supersoldier
microscopic sentient life form
subatomic bacteria
genetically engineered soldier
brain memory virus
bio-mimicking life form
genetically engineered person
combat
sentient nanomachines
brain augmented soldier
disembodied head
cyborg
corporeal spirit
astral parasite
living robots
invisible parasites
life force draining being
vibrant-based being
crystalline being
electromagnetic being
fire-based being
gaseous being
human-bug hybrid
human-plant hybrid
human-animal hybrids
human-canine hybrid
canine-like being
human-fish hybrid
fish-like being
amphibian-like being
ape-like being
avian being
chameleon-like being
crustacean-like being
felinoid being
insectoid being
jellyfish-like being
microbe-like being
mushroom-like being
plant-like being
slug-like being
worm-like being
living planet
living space cloud
virtual genius
artificial autonomous sentient coworker
virtual lover
human-reptile hybrid
gender neutral being
lethal mating practice being
multi-gendered being
binary thinking being
collectively intelligent beings
dream walking being
emotionless emotion-craving being
empathic being
pure evil being
telepathic being
ultra-rational being
black hole dwelling being
primitive-minded spacefaring alien
space clone being
spacefaring plants
Jovian extraterrestrial
Martian extraterrestrial
Moon people
Neptunian extraterrestrial
Saturnian extraterrestrial
Uranian extraterrestrial
Venusian extraterrestrial
alien overseers
covert alien observers
extinct interstellar civilization
extra-dimensional being
extraterrestrial civilization
galactic master race
gas giant dwelling being
mysterious maker alien race
mole people
mecha robot
robot helper
android
mechanical insect
mechanical man
robot prizefighter
AI assistant
AI companion
AI safeguards
sentient space probe
sentient machine
autonomous weapons system
sentient bomb
death ray
immobilization web
kill button
killer microdrone
paralysis device
smart ammunition
sonic gun
surface-to-air missile
implanted weapon
body implant
self-replicating nanomachines
species uplifting
brain transplant
eye transplant
fetal transplant
hand transplant
head transplant
heart transplant
cure for Alzheimer's disease
cure for baldness
cure for blindness
cure for cancer
cure for the common cold
anti-aging technology
revival long after death
smart tools
duplicate of a person
handheld multifunction super gun
laser implant
plug-in learning device
mind uploading
cold fusion
cryogenic technology
intangibility device
sonic razor
super spy pen
the Devil is an alien
speculative full body suit
jet pack
secret toenail compartment
speculative glasses
palm belt
palm collar
palm implant
palm seal
magnetic boots
spin gun
ankle bracelet
blindside punishment
camera doorbell
dictation machine
flat-panel display
flying drone
lie detector
searchable electronic database
sound masking device
videophone
voice identification device
speculative armor
speculative spacesuit
flying car
hoverboard
mind-controlled vehicle
mobile life support device
self-driving car
speculative airliner
speculative submarine
bulletbeme
artificial world
disintegration chamber
sonic shower
suicide booth
speculative biotechnology
DNA-encoded message
biological computer
biological machinery
bringing back extinct species
human cloning
bioengineered human pathogen
speculative terraforming
speculative genetic engineering
speculative genetically modified crops
speculative geoengineering
asteroid mining
changing the orbit of a planet around its star
manipulation of evolution on a planet
planetary weather control system
planetary-scale machine
implanted memory punishment
space station
suspended animation punishment
space mirror
space telescope
world eating machine
engineered orbital structure
orbital weapons
stellar engineering
Dyson sphere
stellar rejuvenation
interstellar communication network
time machine
teleportation device
space portal
local weather control system
undersea tunnel
the god is an alien
aging punishment
prisoners being exploited for entertainment
ghost
personal haunting
undead mummy
undead skeleton
zombie
vampire
rock being
artificial autonomous sentient coworker
virtual lover
living planet
living space cloud
mining a planet from orbit
space elevator
space dock
orbital weapons
Dyson sphere
stellar rejuvenation
space portal
digital clone of a person
sentient computer
son droid
sentient computer
android clone of a person
brain stimulating implant
cranial aggression implant
Autonomous weapon systems in society
android clone of a person
speculative environmental suit
speculative diving suit
speculative spacesuit
powered exoskeleton
vision beyond the visible spectrum glasses
ability to see through solid objects
super hearing
super intelligence
super reflexes
super speed
super strength
what if I found myself in the body of the opposite sex
what if I found myself in the body of a child
what if I found myself in the body of an alien
what if I were in a coma-like state
what if I had an evil hand
what if I became a simulation
what if I discovered that I was a facsimile of someone else
what if I found out I was a different person than I thought I was
what if I found out I was a simulation
what if I had amnesia
what if I had multiple personalities
what if I was combined with another person
what if someone around me changed
what if I could edit my lover
what if I found out my lover was despicable
what if a loved one became possessed by another being
what if my partner switched gender
what if someone I knew returned from the dead
what if someone couldn't remember me anymore
body swap
fall from grace
from zero to hero
rise to prominence from humble beginnings
what if I became telepathically linked with someone else
what if I could only speak the truth
what if I had a secret guardian
what if I were a man who got pregnant
what if an aspect of my personality was slightly different
what if my thoughts became reality
what if the fate of the world was in my hands
what if the people around me changed
what if everybody and everything was frozen in time
what if everyone lost control of their inhibitions
what if everyone suddenly started to communicate differently
what if everyone turned into zombies
what if everyone vanished and I was all alone
what if people around me started behaving strangely one by one
what if people around me started disappearing one by one
what if people around me started falling into comas one by one
what if people around me started falling mysteriously ill one by one
what if people connected to me started dying one by one
what if we all lost our memories
how to commit a crime and get away with it
how to crack a safe
how to murder someone and get away with it
how to rob a bank and get away with it
psychoactive drug experience
psychedelic experience
what if I found myself in a different time
what if I caught a glimpse of the future
what if I found myself in the future
what if I found myself in the past
what if I loved backwards in time but kept my present memories
what if I saw a glimpse of the past
what if I found myself in a strange place
what if I could never go home
what if I could travel around inside a human body
what if I found myself in a high gravity environment
what if I found myself in a low gravity environment
what if I found myself in a void of nothingness
what if I found myself in a zero gravity environment
what if I found myself in an alternate reality
what if I found myself with a superabundance of potential lovers and no competition
what if I had to spend eternity in limbo
what if I was cast into a lawless dungeon and had to fight for survival
what if I was trapped in a story
what if I was trapped inside a game
what if I were stranded at sea
what if I were stranded in outer space
what if I were stranded on a deserted island
what if I were stranded without food and water
what if I were trapped in a nightmare
what if I woke up in a strange place and didn't remember how I got there
what if I met an extraordinary person
what if I met a Viking
what if I met an historical figure
what if I met my distance descendants
what if I met my double
what if I met myself from a different time
what if I met the perfect mate
what if I underwent a physical metamorphosis
what if I grew in size
what if I shrank in size
what if I turned into an animal
what if I were gradually turning into stone
what if I were in a tight spot
what if I fell into the clutches of a person with malicious intent
what if I fell into the clutches of a homicidal maniac
what if I was held captive and made an exhibition object
what if I was a specimen animal in a zoo
what if I became accessory to a friend's crime
what if I became suspected from my parents
what if I became witness to a suspected crime
what if I couldn't move because of a poisonous animal
what if I couldn't trust the veracity of my senses
what if I got a limb stuck in rock in the middle of nowhere
what if I got accidentally locked in somewhere
what if I got into trouble in a foreign country
what if I had to defuse a ticking time bomb
what if I had to endure eternal torment
what if I had to fight to the death
what if I had to have sex in order to save someone
what if I had to keep on moving or I would die
what if I had to mate with a stranger
what if I had to operate on myself
what if I had to rely on a madman
what if I killed someone by accident
what if I saw strange things no one else could see
what if I told the truth and nobody would believe me
what if I was at the mercy of a mad person
what if I was injured and far away from help
what if I was somebody's pet
what if I was taken captive and exploited
what if I were all alone in the world
what if I were socially isolated for an extended period of time
what if I were the last of my family line
what if I were trapped underground
what if a killer was after me
what if criminals were after me
what if my enemy and my ally looked exactly alike and I had to choose between them
what if the world was continually rearranging itself around me
what if I had only one day to live
facing an extraordinary accusation
what if I was accused of a crime that I didn't commit
what if I were being framed for a crime
habitable planet in a multiple star system
habitable planet in a binary star system
habitable planet in a trinary star system
Eli Dorado
desert planet
fantasy land
garbage planet
habitable asteroid
habitable moon
ice planet
isolated prehistoric land
magical land in the sky
military training moon
ocean planet
off-world prison colony
rotating space habitat
twin earth
water planet to the core
speculative city
arcology
city planet
domed city
floating city
underground city
underwater city
dystopia
autonomous weapons system killing everyone
totalitarian dystopia
people forced to be average dystopia
ads everywhere dystopia
bureaucratic dystopia
communist dystopia
consumerist dystopia
drugged-up dystopia
lawless anarchy dystopia
overpopulated dystopia
overregulated dystopia
people constantly rated dystopia
post-apocalyptic dystopia
totalitarian dystopia
speculative social institution
community of abandoned children
institutionalized human blood sports society
society in which victims sentence their own assailants
society with a maximum age limit
thought/crime society
utopia
utopia based on exploitation of a planet
free love utopia
humboldt utopia
solipsistic utopia
utopia based on a view of human nature
utopia on the back of slave labor
fabled land of goodness
free market utopia
kill all humans utopia
slant-over utopia
utopia on the back of android labor
utopia on the back of human clone labor
Council of wise-men utopia
master race controlled society
mind-controlled society
Gang who utopia
technologically enabled utopia
machine controlled society
technology-free utopia
genetic engineering utopia
hive mind utopia
post-scarcity economy utopia
transhumanism utopia
One of the machines
neo-Luddist utopia
noble savage utopia
technological risk to civilization
out of control scientific experiment
planet being cracked apart by nuclear blast
planet being knocked off its axis by nuclear blast
self-replicating gray goo consuming the world
slaves to technology
society regulating central computer crash
the technological singularity
technological risk to civilization
cloning-related replicative fading
human-made pandemic
AI takeover
war of mutual annihilation
existential risk to civilization
geophysical civilization
global warming
overpopulated world
end of diversity
depletion of a vital natural resource
extinction by which
annihilation by a planet bursting device
annihilation by a planet-busting device
annihilation by a device that stops fusion in a star
orchestrated asteroid bombardment
nuclear holocaust
asteroid impact
close encounter with a passing astronomical object
moon slowly spiraling into a planet
dying sun
expanding sun
planet scorching solar flare
sun going supernova
astrophysic existential risk to civilization
close encounter with a stray artificial object
supernatural existential risk to civilization
Type IV nature existential risk to civilization
atmospheric dissipation
catastrophic encounter with another universe
catastrophic flood
displacement by a rising new species
flood crop pandemic
fungus proliferating over the entire world
ice age
mass infertility
mass radiation poisoning
monster apocalypse
natural pandemic
planet being flung out of its orbit
planet scorching atmospheric conflagration
spontaneous planetary break up
volcanic cataclysm
worldwide drought
worldwide locust plague
approaching astronomical object event
catastrophic solar event
threat from extraterrestrial life
alien brought pandemic
attack from inner Earth
being wiped out by more powerful aliens
invasive life form from outer space
subversive life form from outer space
the dangers of sending information out into space
threat from outer space
accidental alien destruction of planetary ecosystem
attack from outer space by a galactic empire
attack from outer space by a giant spaceborne boring
attack from outer space by a powerful conquering enemy
attack from outer space by a world-eating machine
what if I were not subject to the normal process of aging
rapid aging process
what if I aged backwards
what if I could be young again
what if I was brought back to life long after my death
what if my life were different
what if I became extremely lucky
what if I could do anything I wanted without repercussions
what if I could trade in a family member for someone else
what if I had a life-changing stroke of good fortune
what if I had a near-death experience
what if I had a second chance at life
what if I had a second childhood
what if I heard all the thoughts around me
what if I repeated a portion of my life over again
what if I suddenly got an extraordinary ability
what if I suddenly got some free money
what if I was really beautiful
what if I was super rich
what if I were a ghost
what if I were a god
what if I were a sovereign ruler
what if my life was secretly stage managed
what if my personal identity came into question
artificial island
what if I loved an alternate life
what if someone around me changed
what if the people around me changed
how to commit a crime and get away with it
psychoactive drug experience
what if I found myself in a different time
what if I found myself in a strange place
what if I met an extraordinary person
what if I underwent a physical metamorphosis
what if I were in a tight spot
speculative habitat
speculative experience
speculative technology
speculative ability
speculative reality
speculative natural process
what if I were not subject to the normal process of aging
what if my life were different
what if my personal identity came into question
what if someone around me changed
what if the people around me changed
how to commit a crime and get away with it
psychoactive drug experience
what if I found myself in a different time
what if I found myself in a strange place
what if I met an extraordinary person
what if I underwent a physical metamorphosis
what if I were in a tight spot
speculative habitat
